Our mission of Making Communities Healthier® has always been central to the contributions we make to Uintah and the Northeastern Utah area. As our region found itself impacted by the COVID-19 pandemic, that mission became even more critical to the well-being of our community. We are proud to be part of a national healthcare network that provided quality care for more than 20,000 COVID-19 patients in 2020 – including those here at home. LifePoint Health’s continued support – and yours – allows us to create places where people choose to come for healthcare, physicians want to practice and employees want to work. As we look ahead to a bright future, we look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

— Wes Taylor, *CEO*

## In 2020, we...

...added four employed and affiliated providers

...made more than \$160,000 in capital improvements

...distributed a payroll of \$19,172,996 to nearly 300 employees

...donated nearly \$10 million in services to those in need

...paid \$2,125,820 in taxes

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in women’s health, hospital medicine, family care and emergency care.

**By continually investing in our facilities,** we’re helping to ensure that we continue to meet our community’s healthcare needs. This year’s investments included new equipment like an ultrasound machine, a COAG lab analyzer and a scope cleaner processor for surgery.

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

**Delivering care to all of our neighbors,** regardless of their ability to pay, is foundational to our mission and our commitment to our community.

**We are proud to be a leader in our region,** and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
